SPRING 2025 COLLECTION

STORMTECH®

nurtured by nature

Fashion for Every Forecast

Elevate life's next adventure. In an industry that typically offers fast fashion as a solution for corporate apparel, STORMTECH is a disruptor. Given a choice, most consumers will choose higher quality, performance driven products that are built to last, and which they are proud to wear both at work and at play. Crafted with the latest technological advances, our Spring 2025 collection provides a seamless transition from lightweight layering to our H2XTREME® technical shells and fully insulated Thermolex outerwear to enhance your experience during those cool spring days.

Inspired by the rugged landscapes of the Pacific Northwest and refined in Vancouver's cool, urban cityscape, STORMTECH Performance Apparel has outfitted explorers and seekers for extreme, unpredictable weather and conditions since 1977. Fueled by our passion for the outdoors, we build durable, functional, contemporary clothing and deliver quality and innovation year after year.

At STORMTECH, we believe in environmental stewardship, with technologies that lessen our impact on our natural environment. STORMTECH creates timeless, high-quality products designed to extend product life and reduce environmental impact. We back up our commitment to quality workmanship with a 5-year warranty, and have built out a sustainable product care program to extend product life and performance.

Sustainable practices are ever-evolving, and we are committed to reducing our environmental impact and enhancing sustainable practices through responsible design, sourcing, and daily business operations. We also support youth through our 1:1 initiative, and support worker health and safety at all of our factories and office locations.

STORMTECH is a one-stop, full-service partner uniquely structured for the corporate marketplace, offering a comprehensive array of in-house decoration services, a robust e-commerce website and a highly-skilled customer service team to support and fulfill your orders.

Visit us online at www.stormtechperformance.com or connect on social media.

STORMTECH® Performance Apparel

Responsible Business Practices

STORMTECH's Corporate Social Responsibility focuses on responsible sourcing practices, product safety, environmental stewardship, and giving back to local community organizations.

Responsible Sourcing

STORMTECH is firmly committed to selling products that are manufactured under legal, safe and fair working conditions in factories where employees are treated fairly.

Our Ethical Sourcing Policy is designed to ensure that our global sourcing supply chain operates in compliance with all applicable laws governing child labor, forced labor, wages, benefits, working hours, harassment, health and safety & factory security.

Sustainable Materials and Technology

Sourcing recycled and sustainable materials for products is a top priority in our daily business operations and product development. This dedication to sustainable practices is reflected in every new product we develop. Our focus on recycled content ensures that our garments not only meet high-quality standards but also contribute to a more environmentally conscious industry.

Better Buying™ Partnership

At STORMTECH, we're proud to announce our participation in the Better Buying™ Partnership Index (BBPI)—a global initiative that fosters transparency and sustainable supply chain partnerships. Through Better Buying™, our suppliers provided anonymous feedback on our purchasing practices, enabling us to gain valuable, data-driven insights.

This independent, third-party platform aggregates and scores supplier ratings, offering actionable insights that drive positive change across the industry. By aligning with Better Buying™, Stormtech strengthens its commitment to sustainability, collaboration, and continuous improvement throughout our supply chain.

Climate Smart Certification

We're now certified!

We are excited to share the news that STORMTECH PERFORMANCE APPAREL LTD has achieved Climate Smart certification! This milestone underscores our dedication to both environmental stewardship and financial success. Joining over 1200 businesses and organizations across Canada and the US, we are proud to be at the forefront of sustainability in our industry. As part of our commitment, we are delighted to unveil our GHG Impact Report, providing insight into our Climate Smart journey. Thank you for joining us on this important endeavor as we continue to make strides towards a greener future.

EcoVadis Committed Badge

STORMTECH Performance Apparel Ltd. has earned a Committed Badge in their EcoVadis assessment, which is a recognition of their good performance as per the EcoVadis assessment methodology. EcoVadis is recognized globally for trusted business sustainability ratings, evaluated on the following categories:

- Environment
- Labor and human rights
- Ethics
- Sustainable procurement

Charitable Giving

At STORMTECH, we believe in the transformative power of an active outdoor lifestyle to inspire, motivate, and enhance people's lives. Guided by this belief, we've established the 1:1 Initiative, a program dedicated to sharing the joys of outdoor adventure with young people through our partner organizations. By donating essential outdoor apparel, we aim to break down barriers and make the benefits of exploring nature accessible to everyone, especially those who might not otherwise have the opportunity. To support this mission, we contribute 1% of our total global sales toward providing much-needed apparel to these organizations. Every Stormtech purchase helps empower the next generation to connect with the outdoors, fostering a love for adventure and a commitment to environmental stewardship.

OUTFITTING
FUTURES

STORMTECH® Fabric Technologies

With a heritage of over 45 years outfitting adventurers for extreme weather and conditions, innovation is at the core of STORMTECH's culture and values. Our durable, functional, contemporary clothing is built using advanced fabric technologies, and smart sourcing and manufacturing. To help our customer easily identify the benefits of our high-performance gear, we've developed a collection of 9 technology icons to help guide you.

WATERPROOF

BREATHABLE

CLIMATE RANGE

WINDPROOF

SEALED SEAMS

CRITICALLY
SEALED SEAMS

ULTRASONIC
WELDED SEAMS

DEVICE
COMPATIBILITY

RFID BLOCK

Climate Control

Ultimate weather protection through advanced waterproof/breathable technology, engineered to keep moisture at bay, inside and out. H2XTREME® membranes stop water and wind from penetrating the garment while allowing water vapor to escape, keeping you warm and dry in all weather conditions.

H2XTREME
WATERPROOF/BREATHABLE
STORM PROTECTION

Ultrasonic Welded Seams

Seams are ultrasonically fused together to form a continuous, impermeable barrier – more durable than traditional seams because there are no needle holes that would allow water to penetrate the outshell. Ultrasonic welding creates durable permanent sealed seams in technical fabrics and protection without adding bulk or weight to the garment.

ultrasonic
WELDED SEAMS

Waterproof Zippers

STORMTECH Waterproof zippers are built to keep you dry in extreme wet weather conditions. A waterproof polyurethane adhesive film is bonded to the zipper tape to create a waterproof seal on both vislon and nylon coil zippers.

waterproof
ZIPPER TECHNOLOGY

All Weather Thermal Protection

High loft, high efficiency Thermolex™ synthetic down – developed and tested by STORMTECH is inserted into each quilted panel to a specific fill weight in order to achieve maximum warmth and softness. Engineered to be lightweight and highly efficient in all weather conditions.

thermolex™
HIGH LOFT SYNTHETIC DOWN

Thermal Shell Insulation

High efficiency/high loft synthetic alternative to down, designed to maintain its thermal properties while being lightweight providing superior resistance in colder conditions. Quilting is achieved by sewing through all 3 layers of the garment.

THERMAL SHELL
INSULATION

HD Heavy Duty Outshell

Heavy-duty, heavy weight nylon and polyester fabrics are constructed to withstand the most rigorous and extreme industrial applications and weather conditions. HD fabrics are also coated to achieve a high level of water resistance.

HD HEAVY DUTY
OUTSHELL

WATERPROOF

Keeps outside moisture from penetrating the fabric. The waterproof rating is typically expressed in milliliters (1,000mm to 10,000mm) based on water pressure tolerance over a 24-hour period. Generally, the higher the rating, the higher the waterproof protection.

BASIC | LEVEL 1

600mm to 2,000mm

HIGH | LEVEL 2

2,000mm to 8,000mm

EXTREME | LEVEL 3

8,000mm to 20,000mm+

BREATHABLE

The movement of air from one side of the fabric to the other to keep the wearer comfortable. The breathability rating is typically expressed in a gram measurement of how much vapor a square meter (G/M2) of fabric will allow to pass in a 24-hour period (typically, 1,000G/M2 to 10,000G/M2) the higher the number, the more breathable the garment.

BASIC | LEVEL 1

1,000g/m² to 5,000g/m²

HIGH | LEVEL 2

5,000g/m² to 10,000g/m²

EXTREME | LEVEL 3

15,000g/m² +

CLIMATE RANGE

A system developed by STORMTECH by taking several factors into consideration such as activity level, wind chill, sun exposure etc. A useful guide for selecting the appropriate garment for your adventure.

MILD

+20°C (68°F) to +5°C (41°F)

COLD

+5°C (41°F) to -10°C (14°F)

EXTREME COLD

-10°C (14°F) to -30°C (-22°F)

DWR Water Resistance

Durable Water Repellent technology is a polymer coating added to outerwear to provide water resistant protection. DWR treated fabrics prevent light rain and snow precipitation from saturating the outer fabric surface and prevents fabric from becoming weighed down by excess moisture, for optimized comfort and freedom of movement.

Active Moisture Management

Next-to-skin climate control with moisture management technology to regulate your core. Body moisture is transported from the skin to the fabrics outer surface through the capillary action of specialized moisture wicking yarns.

Odor Control

Polygiene Freshness-treated garments allow you to enjoy the confidence of fresh, all-day wear while minimizing the need for frequent washing. By extending the time between washes, these garments save you valuable time, reduce water consumption, and minimize waste.

Anti-srag Construction

Anti-srag construction is achieved by using specialized yarns that are less likely to break or unravel when pulled or snagged by incorporating specific knitting techniques that reinforce the fabric and reduce the risk of snagging. The result is a more durable and resilient fabric that is less likely to snag or run; improving the quality and longevity of the finished product.

Sun Protection

UVX rating is a measurement of the ultraviolet protection provided by a fabric used in garments, indicating how effectively the fabric blocks UVA and UVB radiation from the sun, which can cause skin damage. Fabrics are treated or constructed using densely woven or knitted fabrics and UV absorbent fibers to reflect UVA and UVB light.

Active Stretch

Four-way mechanical stretch fabrics stretch and recover in all four directions. Made from a combination of natural and synthetic fibers, and Spandex, highly elastic synthetic fiber, used to provide additional stretch and recovery properties to create a highly flexible, comfortable, and durable fabric that is ideal for use in athletic, outdoor, medical and industrial applications.

Technical Performance Polos

Refined All-Day Comfort

Polos that work as hard as you do. As one of the most in-demand and versatile wardrobe items, they are that essential addition you just can't live without. Whether you require high-tech performance with moisture management technology, industrial strength fabrics, or casual day-to-day attire, our on-trend range of Polos and Tees exude quality, style and a keen eye for fashion.

Performance Layering

It's fair to say that spirited feelings are an unavoidable side effect of being surrounded by clear lakes and majestic snowcapped peaks. STORMTECH has drawn inspiration from those feelings and created tactile equivalents by using only the finest soft, synthetic materials and cotton in the manufacturing of all our layering styles. Our collection consists of an array of base and mid layers that are lightweight, functional and perfect for a warm layer or light sweater. So layer up and feel the joy.

Technical Outerwear

Born in the rugged west coast rainforests of British Columbia, Canada, STORMTECH's designs are inspired through the lessons learned from the rain, snow, and sun. We pay painstaking attention to Mother Nature's varying moods in order to develop the very best in technical outerwear. With design excellence and functionality that blends exclusive technologies, such as H2XTREME®, we build hard-wearing garments that provide maximum protection and comfort so you can get out there and explore with confidence.

VERTEX STORMSHELL

RX-2 | RX-2W

STORMTECH H2XTREME® Waterproof / Breathable Outer Shell

3-Layer Outer Shell offers a high level of waterproofing while allowing moisture vapor to exit the garment

Durable Water Repellent Finish

Delivers effective water resistance in all weather conditions

High-Performance Windproof Outer Shell with Mechanical Stretch

100% windproof outer shell fabric helps maintain thermal performance by keeping the heat in

Adjustable Cuffs

Adjust to provide a more secure fit and keep the elements out

Concealed Hood Adjustments with Easy-Access Drawcord
Adjusts externally and away from your face

Helmet Compatible, Full-Coverage Hood

Provides maximum weather protection and extra room for your protective headwear needs

Ergonomic, Full-Coverage Center Front Neck

Provides optimal range of motion and ultimate weather protection

Fully Sealed Seams

Ensure that no water enters your jacket, leaving you dry and comfortable for hours

Waterproof Zippered Hand Pockets

Prevents water from penetrating through zipper to keep your valuables safe and dry

Nautilus

A man with a beard and brown hair is standing on a cobblestone street in a city. He is wearing a black quilted jacket with a hood, black pants, and black boots. He has his hands in his pockets and is looking off to the side. The background shows a brick wall on the left and a street with buildings and a traffic light on the right.

Lightweight
Quilted Comfort

Nautilus Quilted Hoody

QXH-1 | QXH-1W

The Nautilus Quilted Hoody repels wet weather while keeping you warm and dry inside thanks to its full-length internal stormflap and water-repellent finish fabric. A lightweight, practical weather partner, this quilted hoody is built with feather-free insulation and features an adjustable hem and hood. The elasticized cuffs ensure you stay warm to the core, ready to head out whatever the weather.

Thermal Outerwear

Own the Cold

Plan your escape for a trek up the trail with STORMTECH's best-in-class Thermal Outerwear Collection. From high-end technical parkas to fashion-forward thermal jackets and quilted puffer jackets, a coming together of genius design and functionality keeps you ultra warm and dry. Features include high-loft feather-free thermal insulation, H2XTREME® waterproof/breathable technology, insulated hood with face shield and deep dive handwarmer pockets for added comfort in the most extreme conditions.

thermolex™
HIGH LOFT SYNTHETIC DOWN

DENALI PARKA

EPK-3 | EPK-3W

Extreme comfort in extreme cold. The Denali Parka delivers the highest level of protection from the elements with classic Arctic explorer design elements and features, including Thermolex™ high loft synthetic down fill, H2XTREME® waterproof technology, deep dive handwarmer pockets and a fully insulated storm hood with a face shield for maximum comfort in the most extreme conditions. The Denali Parka is also built with a blend of virgin and GRS-Certified Nylon.

STORMTECH Thermolex™ High Loft Synthetic Down

High loft synthetic insulation, designed to be compressible, and provide maximum warmth

STORMTECH HD 2-Layer H2XTREME® Waterproof / Breathable Outer Shell

Heavy-duty, highly durable, nylon taslon fabric constructed to withstand extreme applications and weather conditions

Top and Side Access Chest Pockets with Polar Pocket Insulation

Four chest pockets to provide ample storage and thermal protection for electronic devices

Water Repellent Finish

Delivers effective water resistance in all weather conditions

Internal Rib Knit Cuffs

Comfortably seals in warmth around the wrist and seals the draft out

Full Coverage Snap-Off Insulated Hood

Provides maximum weather protection and customization

Fully Sealed Seams

Ensure that no water enters your jacket, leaving you dry and comfortable for hours

High-Performance Windproof Outer Shell

100% windproof outer shell fabric helps maintain thermal performance by keeping the heat in

Top and Side Access Insulated Zippered Hand Pockets

Lined with brushed tricot and thermal insulation to keep hands extra warm

Nostromo

Comfort Without Compromise

NOSTROMO THERMAL SHELL

X-2W

The highly technical lightweight Nostromo Thermal Shell has been designed to immerse you in comfort, regardless of the weather's mood. The H2XTREME® waterproof, breathable outer shell allows moisture to escape, while the water repellent finish fabric denies entry to the wet. The adjustable hem, hood, and articulated elbows give you the freedom to fully embrace comfort and function.

Three-in-One System Jackets

All Weather Adaptability

The original, since 1983. When heading outdoors you can predict and plan a full day of outdoor activity with certainty, but what you can't predict is what the weather will hold. Enter our 3-in-1 system jackets; your versatile answer to the unpredictable. These system jackets are 3 jackets in 1, pairing a weatherproof outer shell with a removable, ultra-warm insulated inner jacket. This allows you to customize your jacket when the weather is playing the fickle fiddle. STORMTECH 3-in-1 system jackets have been developed for a wide range of outdoor environments, for both work and play.

STORMTECH Bags & Packs

Bags spell adventure. If you are packing a bag, it means you are headed somewhere. Perhaps it's a commute to your first day on the job, or maybe you are headed to the airport to answer the call of adventure. Whatever exciting road lies ahead, you have this one in the bag thanks to STORMTECH. We are committed to designing durable, versatile, progressive-looking travel bags that are fiercely protective of your belongings.

Built for Adventure

1. NAUTILUS WATERPROOF DUFFEL 110 GBX-1L

2. NAUTILUS WATERPROOF DUFFEL 70 GBX-1M

3. NAUTILUS WATERPROOF DUFFEL 35 GBX-1S

Nautilus

Waterproof Workhorse

Designed to be adaptable and spontaneous - STORMTECH waterproof gear bags feature a large main zippered opening, generous pocket space, large interior zip mesh organizer compartments, and space for all your essential items. Swap to a backpack by adjusting the ergonomic shoulder straps, or grab the side carrying handles when passing through airport security. These packs also feature compression straps to keep contents from shifting in transit.

NAUTILUS WATERPROOF DUFFEL 110

GBX-1L

This extra large-capacity gear bag is designed for maximum performance with less weight. The Nautilus Waterproof Duffel is made with reinforced 100% waterproof fabric and is durable with minimal bulk. This convertible duffel and backpack has strategically placed handles for every carry application and a full-size zippered shoe pocket. Reinforced nylon panels at the top and bottom are designed to resist abrasion and extend the life of this waterproof duffel.

Convertible Duffel and Backpack

Conveniently switch between carrying options

External Zippered Boot Storage Pocket

Provides quick in-and-out convenience for boots and wet clothing

Exterior Gear Loops

Load-bearing loops used to attach and access extra gear when needed
